<u>Web Page designing</u>

The four web pages are to be located on the school Intranet. The first web page is the 'title page', called '**Sports Day'**. This page is to have hyperlinks to the other three web pages, **'Information'**, **'Reasons to take part in Sports Day '**, and **'Records Page'**. The three web pages (not the title page) are to have a smaller school crest and the following text **'Click here or on the School Crest to return to the Sports Day age'** as a hyperlink back to the homepage.

In the centred pages are four sketched designs of the web pages. I designed these because I thought that they included everything that an individual would need to produce the School web pages. They include the text font type, size and colour and any effects that the text has, eg. text shadow and bold. The pages also include were I got the images and information and lists, eg. The school crest image was downloaded from a disk, and the information about sports day was e-mailed by Alison Goldsmith. The web pages also include to vital pieces of information need to complete the web pages, and these are as follows,

➢ The pages also state what text and graphics are hyperlinks and,

➢ The web designs also include the background colour and effects, eg. Web page 1 has two colours (blue and green) and has a diagonally down Fill effect.

The first web page has **'Sports Day'** as a title. The title is in a serif font of Juices ITC, and with a font size of **66**. The title is also going to have a **text shadow** effect and is to be in **bold**. The page is to have **three hyperlinks**, going to the other three web pages. The hyperlinks go to the **'Information'**, **'Reasons to take part in Sports Day'** and **'Sports Day Records'**. The text however is in Bradley ITC, with a font size of **28**. This text is not however going to have any text effects. As request by Alison

Goldsmith the **Schools Crest** is also needed to be included in the homepage. This image is to be downloaded from a disk. The background for the homepage is **blue** and **green**. The background colours are also to have a **diagonally down**, fill effect. The second web page has **'Information'** as the title. The title is in a serif font of Juices ITC, and with a font size of **66**. The title is also going to have a **text shadow** effect and is to be in **bold**. This page is to include information concerning the school sports day. This information text was e-mailed by Alison Goldsmith. The text however is in Bradley ITC, with a font size of **28**. This text is not however going to have any text effects. As requested by Alison Goldsmith there should be a miniature School crest with the following text, 'Click here or on the Schools crest to return to the Sports Day page' next to it. These are to be hyperlinks leading to the homepage. There is text and graphics for a hyperlink so that the end user has the chose of text or graph to return to the homepage. The background colours for the information page are purple and dark blue, again with a diagonally down, fill effect.

The third web page has **'Reasons to take part in Sports Day '** as the title. The title is in a serif font of Juices ITC, and with a font size of **44**. The title is also going to have a **text shadow** effect and is to be in **bold**. This page is to include eight reasons why you should take part in sports day. This text is also e-mailed by Alison Goldsmith. The text again is in Bradley ITC, with a font size of **28** and **32**. I used font size 32 on the left hand side so that the text covers more area so the page looks like its full and not half empty. This text is not however going to have any text effects. There is also a miniature school crest and text next to it as a hyperlink back to the homepage. The background colours for the 'Reasons to take …' web page are yellow and orange. As again there is a diagonally down, fill effect on the page.

The last web page has **'Sports day Records'** as the title. The title is in a serif font of Juices ITC, and with a font size of **44**. The title is also going to have a **text shadow** effect and is to be in **bold**. This page is to include a list of records pupils set in the 2001 school sports day. There is to be a title for the list of records and this is **'Records set in 2001'**. The list of events is on disk. The list title and list text is again going to be in *Bradley ITC*, with a font size of **12**, **24** and **26.** The list of records title is to have a font size of 24, and no text effects. However the list column titles (these are **Name**, **Event** and **Time/Distance**) are to be in font size 26, and are to be in bold. The list of records itself is to be in font size 12 and no text effects. Again there is a miniature school crest and text next to it as a hyperlink back to the homepage. The background colours for the last page are red and black as again with a diagonally down fill effect.

All the text, in the all four web pages, are to have a black text colour.
