

## **Israel, Palestine, Jews and Muslims.**

The truth about the world is it wasn't always like this. Just look back in time, history reminds us. One army one land was central of authorities, crushing the Romans and the rest. The umah like a lion, no need to shed a tear. When the village was attacked by the kafir the khalif heard the cities cry and they prepared for war. Attacking the city destroying it from existence. Lesson number one don't ever mess with Muslims. The imam of the umah is a shield where he protects the umah, and where the umah fights behind them. Where is the shield today? To protect the umah what happened to the shield to honor and dignify the umah.

In 1917, the Prime Minister of Britain after entering Jerusalem states 'the crusade war has ended.' In the same year the French General Gourou went to the grave of Solohudeen Ayubee, Solohudeen Ayubee the one who seven hundred and thirty years ago prior crushed the crusade and liberated Palestine and Syria. He went to his grave in Damascus and said 'wake up Solohudeen Ayubee we are here.' How did they do this to you and me? We turn on the TV and all we see is the world full of casualties and generations in agony.

Our umah is a misery lets go back to the beginning of the centuries and review our history. Go one side to the other side of the globe the system of Islam ruled all over the world. They went to the Muslims for all their solutions from Mathematics to Biology and even technology. The kafir used to imitate their women they wanted to send some respect

that Muslim women were given. Whilst the enemies of Islam we're trying to touch the Qur-an, trying to write a surah like Allah's. They all failed miserably and many of them responded ashadu Allah illah ha illalah was ashadu ana muhamader ra soolalah. Allah has challenged the humanity until the Day of Judgment to produce a surah or ayat like the Qur-an, and Allah has assured us they'll never be able to make an ayat like it. Moreover, if all the people of the world got together they still could not and will never be able to put a scratch a size of a mustard seed on the throne of Allah (SWT). After failing on the battlefield the kafir go together and decided to Yield. They say we must change the way the Muslims sing and sure enough, the Muslim umah began to sing.

In 1917, John Billford promised Palestine Jews would come. 31 years later his promise went through Britain and France split the Muslim lands. Three years later the strong Muslim traitor Mustafa Kamal brought the states fall. In 1920, Mustafa Kamal with the help of the British became the hero, '**huh**' this so called hero canceled the authority of the most powerful system for the human beings, the kahlifah. He abandoned all rulings of Allah, he did not stop there, he abandoned the azan in Arabic, and he denied the Muslims sisters from obeying Allah (SWT) by abandoning the hijab. All Islamic calendars and holidays were canceled. Yes brothers and sisters he changed the Arabic alphabet to Latin by doing so he maked sure the next generation would be lost, and have no connection to the Islamic rules. As they can not read or write the Islamic culture that was recorded. This Islamic system sent by the creator of alameen went from the application of life, to be in the museum for the people to go and see in Turkey.

In 1924, our state was demolished, hundred years of planning and the plans were accomplished. Better listen up you won't learn this in school. Beginning of the end and

the divisions began step by step they divided our lands. In 1921, Saudi Arabia and Iran next year Egypt and in 32 Iraq. In 1945, Jordan, Indonesia, Lebanon and Syria 2 years later the division of India the Muslims took a stand and demanded the ruling of Islam, so they gave them Pakistan but it was only an illusion a false resolution, far from a solution. In 1948, the Jews established the Israeli State. In 1901 the kafir went to Sultan Abdul Hameed the second and offered to pay tremendous amount of money for the Islamic state of Palestine. Sultan Abdul Hameed the second replied 'I am not going to give one inch of Palestine to the Jews as Palestine is not mine to give but it belongs to the umah, and the umah have shed blood to defend this land, but if one day the Islamic state falls apart you can have Palestine for free. But as long as I'm alive, I would rather have my flesh be cut off then cut Palestine from the Muslim Land.

In 1960, Somalia, Nigeria, Kuwait and Algeria in 1964, came the PLO Yasser Arafat the US gave a great decline. In 1969 when the west was training Muslim scholars for hire, Jews were setting Al-Aqsa Mosque on Fire. Lets recall 1974 those who don't remember that was the year that we had back September the King of Jordan and Yasser Arafat began their plot. Shot after shot Muslim blood spilt as innocent Muslims were killed. Communism attacked, the Muslims fought and pushed back the Russians and they started to fight amongst them selves. Soon after Iran and Iraq went to war and millions of Muslims died. For 10 years, Muslims killed Muslims over what?? What else the agenda of the west. At the end, there were no resolutions. Today Iran is very much opened to democracy and reformation and the Muslims in Iraq continue to suffer.

Another decade gone but we still don't have a song take a look at the killings of Sadam over Million of Muslim died but no one answered their cries. And in the 1990's, the

Muslim generalized Bosnia, Kosovo Chechnia and Pakistan. A man called Nostradamos the French Predictor told the US that 2 high flying metal birds will come and will break the 2 man made mountains in the new century and what happens on September the 11<sup>th</sup> 2001 a terrorist attack by a man from the east, bring back Islam, bring back Islam. It's the year 2002 and nothing has changed past generations ageless write the next page its time for us to change its up to you and me your gona make history or become history.
